## RENTAL RECOGNITION CORNER

The Rental Department would like to send a special thank you to ELIZABETH WOLFE! Manning the application process is no small role, especially for an intern who was fairly new to our field. Our Lizzy will be headed back to Penn State soon and we just want to commend her on a job **WELL DONE & wish her luck with her studies this fall.** #WEARE 

At the closing of last month a Titanic bound *Ocean Gate* submarine went missing with five passengers on board one of those passengers was just 19-years old. It is believed that there was an implosion due to the intense water pressure and all five lives were claimed by this tragedy. Our prayers are with the families.
